TABULA RASA PRESS PACK 2026

HISTORY

The band was formed at the end of 2023. In 2024, the first original live shows took place, leading to the release of six singles in 2025.

Artists have shared the stage with leading international and Polish acts, including: **The Warning, Smith & Kotzen, Zalewski, Kult, Lady Pank, Dżem**, Happysad and Ich Troje.

In 2026, working fully DIY, they produced their own PRZEBUDZENIE concert tour, visiting 11 cities across Poland.

The band has built its own audience and an engaged community. They regularly perform across Poland, both as a headliner and as a support act. Most recently, they opened for The Warning and Smith&Kotzen at Warsaw's Progresja - both appearances were very well received by the audience.

Tabula Rasa present a **contemporary vision of rock music**, combining experimental rock, alternative rock and electronic elements. The band's sound is built on heavy, saturated guitar riffs interwoven with modern synthesizers and pulsing electronic textures, giving the music a hypnotic and, at times, futuristic character.

Their work is rooted in contrast - from powerful, energetic passages inspired by hard rock, through groove-driven funk rock and post-grunge influences, to subtle, nostalgic soundscapes. At the core is a strong groove, supported by a deliberate blend of analogue, vintage tones and modern electronic elements.

The debut album "Tabula Rasa" was released on 5 June 2025.
The latest single "Diamenty" was released on 8 July 2026.
